

RISO PRINTING STUDIO & PUBLISHING HOUSE
IN VIENNA, OPEN NEARLY NEVER.

THINGS TO KNOW BEFORE PRINTING

- Do I need to separate colors?**
 • Yes, Every Printed layer needs a separate grey scale file. Best Jpg in a PDF.
- Can u do the separation/ print file for me?**
 • Yes!
- Can I print only 3 Copies?**
 • No, we start editions in 1 color with 20 and 2 colors with 25 copies. The more copies we print the cheaper the price per copy gets.
- Can I have a test print?**
 • Yes, but it is 10.- for each master.

What Rasters can I use?
 • Available rasters: halftone 45 / 71 / 104 Lpi grain FM raster. There is no need for pre-rasterizing your image!

What should I consider before preparing the File?
 • Maximal printing Size 291x413mm
 • Avoid multiplications in InDesign
 • If you want the color as strong as possible give it registration black

What's the biggest format u print on?
 • We Print on A3, u can fill the print sheet with whatever format u want.

What paper do u use?
 • Usually available is Munken Print, Biotop in various weights and colored paper including Black. If you have a special wish let us know.

Paperweight?
 • From 80g till 300g

Can I bring my own Paper?
 • Yes but we have to test it first!

I'm a student/ broke, can u give me a discount?
 • Yes!

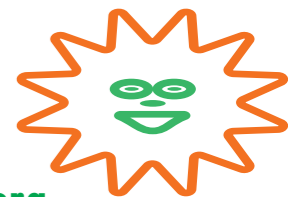

I want to spread a political message, would u print it for free?
 • Why not? Let's talk about it.

Can I use your binding/ cutting/ ... machines?
 • Yes, you can use our machines to finish your Publications.

Machines available:
 - Folding machine for heavy weight paper
 - Glue binding machine. Fastbind
 - Staple machine. Rinak Nagl
 - Electric cutting Machine

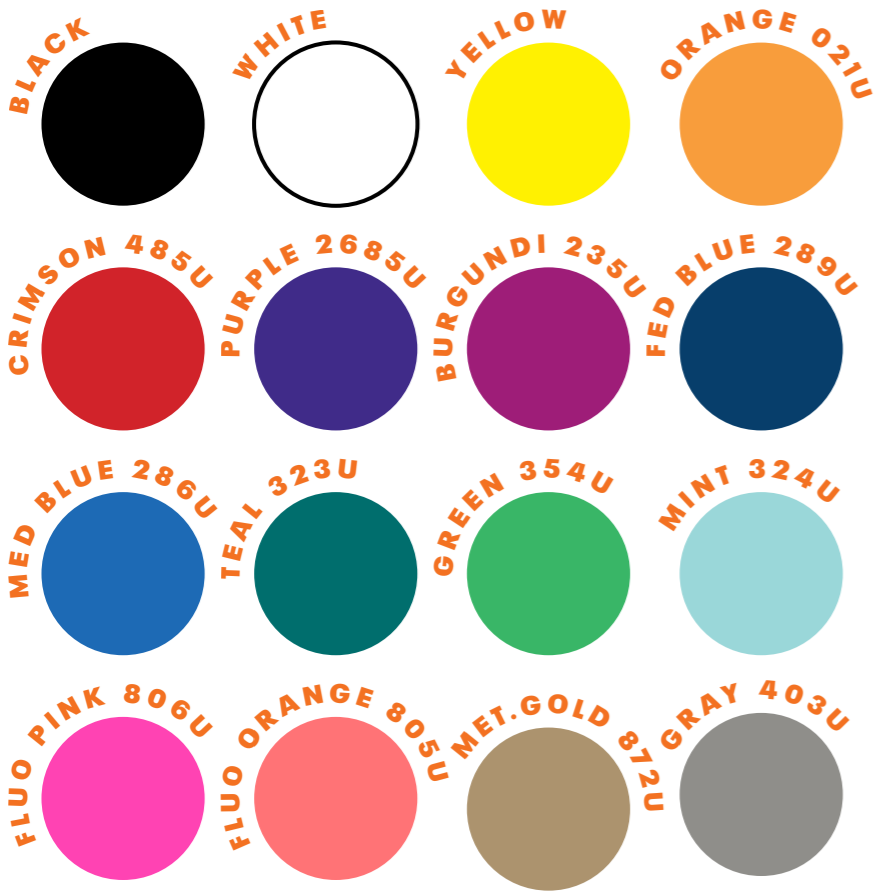

Do Aliens exist?
 • is the Earth round?
